

Digital Art & Design III
Incorporating Motion I (Wiggle GIFs)
Assignment 13

For this assignment, please create 5 wiggle GIFs using images you shoot specifically for this assignment. The final product must be a GIF under 2MB in size. You'll most likely have to play around with your export settings to find the best combination of size reduction to quality.

creating wiggle GIFs from video

3D pictures became popular in the 1850s!

a little bit more history
